Dear Mr. Davis:

This is in response to your U.S. General Services Administration (GSA) Freedom of Information Act (FOIA) request (GSA-2015-001136), dated August 31, 2015, in which you requested "... any and all information that demonstrates the status of Marina del Rey as Real Property of the United States as recorded by the GSA in a report named REAL PROPERTY OWNED BY THE UNITED STATES AS OF JUNE 30, 1974, has changed to nonfederal ownership and the date of such change if any."

We found that the property also was listed in the *Detailed Listing of Real Property Owned by the United States and Used by Civil Agencies throughout the World as of September 30, 1980*, published in February 1983. Copies of selected three (3) pages are enclosed. Otherwise, we have no responsive records to your request.

Please note that GSA does not maintain ownership records for all federal agencies only for GSA specific properties. You will need to contact the federal agency with custody and control of the property. In this instance, you may want to contact the Army Corp of Engineers for further information. Below is the FOIA Office for the Corp:
